

## On the Beach

Our ocean front condo is located in Palm Beach County on Juno Beach, an upscale seaside community which is predominantly a residential and resort area. Juno Beach is a barrier island on the Atlantic Ocean. You will discover many activities close by including nationally-known golf courses, tennis courts, parks, shopping centers, a live theater and art galleries. Activities range from sunbathing on the beach, taking a dip in our pool and jogging or biking at the park across the street and on the oceanfront bike path. There is also a playground within walking distance for the kids. The Marine Life Museum is located at Loggerhead Park, just a short drive from the condo. You will also enjoy a number of wonderful restaurants only minutes away.

## Be our Guest

Take a week or a month off and kick back on the beach and live in a beautiful "beach-house" style oceanfront condo. You will be directly on the beach, surrounded by palm trees and stunning beach foliage and next to the resort's pool and spa. Walk just 12 steps from our patio and you are at the ocean boardwalk which leads to the beach deck and Atlantic Ocean. Sitting on the patio, and when the screen doors are open inside, you will enjoy tropical breezes and hear the ocean waves splashing and the sounds of birds chirping. You will love taking a nap and sleeping there!
